Hon. Commissioner of Patents
and Trademarks
Washington, D.C. 20231

Sir:

Attached are PTO/SB/O8A and B forms listing the enclosed documents. These documents are considered background material by Applicant. None of the cited references teaches or suggests Applicant's lower-energy hydrogen technology.

Applicant notes that on page 2 of the information disclosure statement dated August 22, 2001, it was erroneously stated that a final Office Action was issued in the present application. As of the present date, Applicant and Applicant's counsel are unaware of any final Office Action in present application.

Applicant hereby petitions the PTO to consider this information disclosure statement in accordance with 37 C.F.R. § 1.97. Please charge the requisite Rule 17(p)

Consideration of the foregoing and enclosures plus the return of a copy of the herewith PTO/SB/08A and B forms with the Examiner's initials in the left column per MPEP 609 along with an early action on the merits of this application are earnestly solicited.
